TEACHING &  
RESEARCH  
EXPERIENCES

The Human Development and Media Lab, University of California, Davis

**Research Assistant**, PI: Prof. Drew Cingel, September 2024 ~ December 2024.

- Conducted unobtrusive qualitative data collection and content coding to examine the impact of mobile media on children's emotional regulation during outbursts and interactions with their parents.
- Organizing literature to explore methods for using LLM in qualitative coding.
- Participated in weekly research meetings, providing feedback and insights to improve research methodologies and data collection strategies.

Health Communication Research Center, Tongji University

**Research Assistant**, PI: Prof. Chen Jingxi, November 2023 ~ Present.

- Designed and conducted a mixed-methods study on tobacco control among adolescents focusing on the cultural practice of 'cigarettes as gifts'.

## TEACHING & RESEARCH EXPERIENCES

- Led interviews and experiments investigating doctor-patient communication, providing insights into communication barriers among socially vulnerable populations.
- Performed advanced statistical analyses using R Studio.
- Co-authored and revised research manuscripts, contributing to the project's dissemination at international conferences.

School of Journalism and Communication, Renmin University of China

**Research Assistant**, PI: Dr. Ma Xiaofen, September 2023 ~ September 2024.

- Participated in a project examining how information security personnel within internet companies can mitigate information security interaction risks.
- Conducted data analysis, including structural equation modeling, using the R.
- Managed research projects, organized and synthesized reports and press materials.

School of Journalism and Communication, Renmin University of China

**Teaching Assistant**, Supervisor: Dr. Ma Xiaofen, September 2023 ~ January 2024

- *Digital Communication Technology and Application* (Taught in English; 2023 Fall semester)
- Facilitated class discussions on emerging media technologies, including chatbots, artificial intelligence, virtual reality, and others.
- Supported international students from diverse cultural backgrounds, ensuring their understanding of course content and assignments requirements.

## FUNDING & SCHOLARSHIPS

- 2024 President's Award for International Visiting, Renmin University of China (USD 5,632)
- 2024 Shanghai Philosophy and Social Sciences Research Projects (USD 13,840; Participant)
- 2024 ICA 2024 Travel Grant
- 2024 ICA24 Digital Asia Travel Grant
- 2024 Scholarship for Academic Excellence, Renmin University of China
- 2023 Scholarship for Academic Excellence, Renmin University of China
- 🏆 2021 Outstanding Graduate of Jiangsu Province
  - Awarded to only **926** graduates out of 600,000 in Jiangsu Province.
- 2020 Outstanding Student Scholarship, Communication University of China, Nanjing
- 2019 Outstanding Student Scholarship, Communication University of China, Nanjing

## ACADEMIC ENGAGEMENTS

- 2024 Tsinghua University 'Big Data and Causal Inference' Seminar, Participant
- 2024 7<sup>th</sup> Medicine, Humanity and Media (MHM) International Conference, Volunteer
- 2024 *Current Psychology*, Reviewer
- 2024 National Communication Association (NCA) 110<sup>th</sup> Annual Convention, Reviewer
- 2023 74<sup>th</sup> Annual International Communication Association Conference (ICA), Reviewer
